

# Pukekohe Sale Livestock Report

16<sup>th</sup> March 2024

Saturday's cattle auction at Pukekohe saw a large yarding of some good quality stock on offer. Prices were very solid throughout the auction, this obviously helped by a very enthusiastic buyer audience. Solid pricing, especially for killable cattle, is mainly driven by supply shortage for works, as farmers hold cattle to control grass. This can change very quickly, particularly with short weeks looming!
