

# Pukekohe Sale Livestock Report

23<sup>rd</sup> March 2024

The cattle auction on Saturday turned out with more cattle numbers than expected. Fortunately, a good number of buyers also arrived to ensure pricing remained pretty good. One feature on Saturday was the large number of very small pens of, to be frank, very ordinary sorts of cattle! These are always hard going and getting advice prior to purchase could do wonders for bank balances. It costs just as much to rear a well-bred animal!

Cattle	Lowest-Highest Price		Price Per Kilo
	\$/Head	\$/Head	Range
Medium 2-year steers	\$1,300	\$1,535	\$2.84 - \$2.92
Medium 15-month steers	\$1,100	\$1,210	\$2.86 - \$3.06
